

The HBCU Edition of African American Puzzles

Logic Problem 4

- Clue 1, Willie is not a Denmark alum, didn't play in the NBA, and neither did the Denmark grad
- Clue 2, Harold is not a Lt. general
- Clue 3, James is not Lawson, the general is not Lawson and James is not the Lt. general so, in the grid, this should leave Willie as the Lt. general
- Willie didn't go to Denmark (Clue 1) so the Lt. general didn't go to Denmark, meaning Denmark schooled the comedian
- With the comedian not going to Lawson, only the NBA guard remains a Lawson possibility, and that defaults the Lt. general to Trenholm which means Willie went to Trenholm
- Trenholm, on the grid, is no longer available for James so he went to Denmark and Harold to Lawson, and the professions fall into place

HBCU	Student	Profession
